

### In this issue:

- Kwazulu Natal branch expansion
- Product focus: Air purification
- Employee focus: Shannon, KwaZulu Natal

## KZN REACHES NEW HEIGHTS

Kwazulu Natal has long been associated with being the second largest contributor to the countries economy. Our branch based in Amanzimtoti has embarked on its own expansion plans. It will welcome Jarl Green, the new sales consultant on the first of July and with his help they are sure to break new records.

This coming week is a busy week for the branch as they have secured the cleaning of the Isipingo Junction mall, which is part of the Redefine property group.

We wish this branch much success in their endeavours and look forward to more news coming from the Zulu Kingdom.

FOCUS

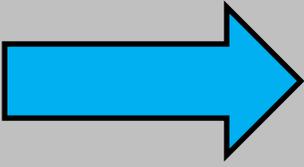

# AIR PURIFICATION SYSTEMS

Camperdown's new range of Air Purification systems is now available. This range cleanses the air around us by means of photohydroionization. In simple terms, PHI cleans indoor air by changing the properties of naturally occurring water and oxygen and converting them to hydroperoxides. This is how nature deals with pollutants.

# EMPLOYEE FOCUS

**SHANNON  
D'ALTON  
AREA MANAGER  
KWAZULU NATAL**

NAME: Shannon D'Alton

AGE: 56

YEARS WITH CAMPERDOWN: 4/06/2018 till present (3 yrs)
